**DEFINITIONS AND FOOTNOTES**

**Bold and Underlined items** are also published by the Bureau of Labor Statistics in Washington D.C for the Local Area Unemployment Statistics Program (LAUS).

Note: County estimates are independently calculated. Sub-county figures are calculated using a census share methodology, except BLS cities, which are in bold and underlined. Estimates for BLS cities are derived using county estimates, city population estimates, and city unemployment insurance claims data. Employment and unemployment estimates for other cities, towns, and areas are a fixed ratio, derived from the 2000 Census, of the county figures.
